## LS Cable & System USA Partners with Priority Solutions Group to Expand LS Busway Supply to North and South Carolina

Peachtree Corners, GA – LS Cable & System USA (LSCSUSA), a leading manufacturer of electrical low- and medium-voltage power products, is proud to announce its partnership with Priority Solutions Group (PSG). This agreement enables PSG to distribute LS Busway, LSCSUSA's premier line of energy distribution systems, to customers in North and South Carolina.

“We are thrilled to partner with Priority Solutions Group to bring our innovative LS Busway solutions to the Carolinas,” said Harry Han, Head of LS Busway at LS Cable & System USA. “This collaboration reflects our commitment to providing customers with high-quality, reliable and efficient power distribution products that meet their evolving needs.”

LS Busway, a modular and efficient alternative to traditional cabling systems, offers unparalleled reliability, flexibility and safety for commercial and industrial applications. With this partnership, customers in North and South Carolina will gain enhanced access to LSCSUSA’s complete range of LS Busway solutions, supported by PSG’s expertise in delivering exceptional service and tailored solutions to meet regional demands.

“This partnership with LS Cable & System USA is an exciting opportunity for Priority Solutions Group,” said Kurt Vetter, Principal and CEO at Priority Solutions Group. “We look forward to providing our customers in the Carolinas with the industry-leading LS Busway line, enabling them to achieve superior power distribution performance while reducing installation time and costs.”

LS Cable & System USA and Priority Solutions Group share a commitment to delivering exceptional value, innovation and customer satisfaction. Through this collaboration, the companies aim to meet the growing demand for high-performance power distribution systems in the region while ensuring customers receive on-time products and industry-leading expertise for every project, regardless of size.
